MAJOR thanks to Little Miss Pinkerbell by Haley Roberts and Dental Health Associates for bringing us OZ and Wicked for 2026! AND to Sutton's Professional Home Inspections for catching and securing all the loose ends from crafting to pom-poms for Quidditch. Fine details are their specialty. Last but not least, we would not have the perfect place for this if not for the amazing CITY OF STAUNTON. Every single department works tirelessly all year around. We are so grateful for our HOME and to proudly proclaim every chance we get. "Staunton IS magic!"

Magic isn't possible without a lot of coordinating, squeezing-in, grabbing, not-sleeping (and a little luck). We have an army of amazing humans to thank every year—that will come once we've had some sleep!
